

How to Report

MASSACHUSETTS EDITION

**I WANT TO HELP KEEP MY IMMIGRANT
NEIGHBORS SAFE — WHAT CAN I DO?**

- Report ICE sightings and activities to trusted organizations. Do this in Massachusetts by calling or texting the LUCE hotline. This helps alert vulnerable immigrants so they can avoid interactions with ICE.

- Use the SALUTE protocol (pages 3-4) to collect key details. This ensures that reports are clear, specific, and verifiable by community organizers.

- Be accurate and cautious. Avoid spreading fear by mistaking police or other city agencies for ICE. DO NOT post unverified sightings on social media.

**LUCE hotline
call or text 7 days a week
5am-9pm**

Available languages: English, Spanish,
Portuguese, French, Haitian Creole,
Mandarin, and more to be added!

**IF YOU WITNESS SOMEONE BEING
DETAINED BY ICE**

If possible, politely ask the detained person for one of the following:

**Their full name, date of birth,
AND country of birth,**

OR

**Their A-number (alien
registration number) AND country
of birth**

Ask if there's a loved one you can contact. This can help notify family and provide emotional and legal support.

Write everything down.

Record the information clearly and accurately. This information is important for immigration lawyers and support organizations to locate and assist the person in custody. Do your best.

S **SIZE OF GROUP OF OFFICERS**
e.g. "6 men"

A **ACTIONS/ACTIVITY: WHAT ARE THEY DOING?**
e.g. "In front of Goodwill in cars and outside of cars,
talking to each other"

L **LOCATION: ADDRESS OR CROSS STREETS AND CITY OR TOWN**
(also include direction they are moving if known)
e.g. "Goodwill Store 470 W Broadway Boston"

U **UNIFORMS/CLOTHES: LOOK FOR IDENTIFYING ABBREVIATIONS**
e.g. "Wearing ballistic vests labeled IS"

T **TIME/DATE:**
e.g. "11:15am, June 23rd"

E **EQUIPMENT/WEAPONS:**
e.g. "2 people with zip ties on belts, East 4 are armed, 2 black SUVs, no
identifying markings on cars"

ICE CAN DEPUTIZE OTHER FEDERAL AGENTS TO DO THEIR WORK. HERE ARE SOME AGENCIES THAT YOU MAY SEE.

Report them to LUCE:

ICE: Immigration and Customs Enforcement

DHS: Department of Homeland Security

CPB: Customs and Border Protection

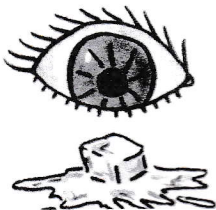

HSI: Homeland Security Investigations

ATF: Bureau of Alcohol, Tobacco, Firearms and Explosives

"Federal Agent:" These agents may also be in plain clothes with weapons and ballistic vests.

SOME OTHER THINGS TO KEEP IN MIND:

- Don't discuss activism while observing, photographing, or recording ICE.
- Don't post photos or videos on social media that show the faces of people being detained.
- As part of our goal to keep our neighbors safe, we want to make ICE and the people who work for ICE feel uncomfortable and to send a clear message that they are not welcome in our communities. Observing, photographing, and recording them is a powerful way to show resistance. The more visible and unwelcome their presence becomes, the less desirable it will be to work for ICE — making it harder for them to carry out arrests.
